

## HAVE YOU SEEN THIS CAT?

New Jersey Division of Fish and Wildlife needs your help by reporting bobcat sightings so we can better understand the size, distribution, and genetic structure of our bobcat population, which are Endangered in NJ.

It is illegal to possess trapped or road-killed bobcat from New Jersey.

### Contact Fish and Wildlife if you have observed a bobcat:

- **Live sightings and trail cam photos**– Complete a brief sighting report form: <http://www.nj.gov/dep/fgw/ensp/pdf/rptform.pdf>.
- **Dead on the road** – please call us at 908-638-4682 to provide the location of the carcass so that we can retrieve it.
- If an **accidental bobcat trapping** occurs, it is **mandatory** that you call NJ Division of Fish and Wildlife's Trapper Response Team at **877-WARN-DEP (877-927-6337)** so that we can obtain genetic samples and release the cat safely.
