- B. Technical review fees shall be used to pay fees incurred for the technical review of an application by the Township Engineer, Planner, Attorneys and any other professional expert or consultant whose review, study, research and reports and/or testimony is deemed necessary by the municipal agency in order to assure compliance with State and Township laws, ordinances, rules and regulations.

- G. In the event that the initial deposit made by an applicant is not sufficient to cover all technical review, report and/or testimony costs with respect to the application for which the deposit was made, upon request by the Township, the applicant shall make such further deposit or deposits as may be necessary to cover further technical review, report and/or testimony costs. The greater of \$250.00 or 25% of the original deposit shall be considered insufficient for this purpose and the applicant will be required to deposit additional funds in an amount to sufficiently increase the balance in the account to an amount equal to 50% of the initial deposit. Continuation of a project is dependent upon receipt of any such additional deposits as are requested.
- H. No final action shall be taken until and unless all escrow deposit fees in connection with the application shall have been paid in full. Every Resolution of memorialization adopted by any Board pursuant to N.J.S.A. 40:55D-10(g) shall be expressly conditioned upon the applicant making payment in full of all sums due to or to grow due on account of such escrow account within twenty (20) days of the date of being billed therefore by the Township.
- I. Close out procedure: The applicant shall send written notice by certified mail to the chief financial officer of the municipality, the Board Secretary, and to the relevant municipal professionals, that the application or the improvements, as the case may be, are completed. After receipt of such notice, the professional(s) shall review the application for completeness and render a status of the application within 15 days of the applicant's request and which shall be sent simultaneously to the applicant. When an application is determined to be complete the professional(s) will submit a final bill within 30 days of the applicant's request. Only when an application/project is determined to be complete by all applicable professionals shall the Board Secretary arrange for the refunding of any balance due within 45 days of receipt of professional(s) final bill.

SUGGESTED GREEN TOWNSHIP LAND USE BOARD "BUY / SELL LETTER"

Adjoining Property Owner
Street Address
Town, NJ zip

Re: Block _____ Lot _____

Dear Adjoining Property Owner:

I own a lot adjacent to your lot and am applying to the Green Township Land Use Board for a variance to construct a single-family residence. In this case, our lot is undersized under the current Green Township Ordinances.

The purpose of this letter, in addition to the variance notice which you will be served with, is to inquire whether you have any interest in either: (a) purchasing this lot at its fair market value as a building lot (which assumes the variance has been granted), or (b) selling additional land to us in order to make the lot conforming or more conforming.

You should be aware that in the event you purchase the lot as a building lot at its fair market value, it would have to be merged with your lot and not remain a separate buildable lot. It is important to emphasize that the price we would be entitled to request would be fair market value for a building lot and not raw acreage.

Nevertheless, the purpose of this letter is to determine the interest of adjoining property owners in the matter and if you have any interest in buying or selling land as described above. Please indicate on the copy of this letter enclosed your position with respect to this matter, which I will provide to the Board.

Very truly yours,

_____, Applicant
